Budget Heralds New Expansion For Activities

Increase Funds to Groups; Athletic Department Gets Largest Sum in New Set-up

State, practically every activity sored by the Associated Students receive an increased appropriation to proposed budget for the coming in the proposed budget for the coming year. Foremost among the newer projects to be sponsored by the Student Body is the Student Union house. To take care of this activity a fifty cent fee will be added to the registration fees. This money will be held in reserve for a period of possibly a year, at that time a definite plan will have been worked out by the new student administration on the building of a Union house.

Athletics Gain

The most important increase listed the new budget will go to the Men's thletic department. The proposed udget will allot \$2.25 of every student we collected to this group. In figures are will mean that the department will

this will mean that the department will receive some thirty six hundred dollars, a semester instead of the \$1400 allotted to them under the old budget.

Student leaders declared that this will mean a period of expansion never before possible in State. It will mean that the athletic department will be able to fully equip the teams that represent State in the various encounters with other schools. According to these leaders, it will mean that State will have a chance to step into the ranks of the more prominent institutions on the Pacific coast. "The development of Roberts Field, along with this increase, will give the college a future that should make for an increase in enrollment," declared Ed Cockrum, student body president. student body president

All Benefit

Other groups that will benefit by the increased allotments will include the Delta Sigma group, the college theater, the A. M. S. and women's athletics. One restriction was placed on the groups, such as the debaters, under the plans of the new administration they will be able to plan activities that will measure up to the amount of money. will be able to plan activities that will measure up to the amount of money allotted to them. They will not be able to seek the aid of the student body general fund to pay for additional activities. This move on the part of the new administration, according to veterans on the campus, will prevent any more junkets by various organizations. Under the new set-up the increases in the budget will be cared for by an increase in the student body fee. Heretofore State has had one of the lowest

Last Edition of Tuesday Issue For This Term

With this issue, the Tuesday staff writes a thirty to their labors of this semester. One more Friday edition will be issued before the Golden Gater takes a vacation until the opening of the new semester.

This term has seen the advance of the Golden Gater to a semi-weekly paper. It also saw the growth of the semi-weekly to a six-column paper.

The paper sponsored the Student Union campaign, which resulted in the inclusion of a provision for a Union House in the new budget. The Golden Gater was also the first to broach the subject of a bay region sports conference. This dream may be fulfilled in a short time, now that the independent colleges have formulated a basketball league.

The staff takes this opportunity to thank Dr. Lawrence Kinnaird for his help during the semester.

on the campus, with nine schools from northern and central California represented.

The winner scored 120 points out of a possible 150 to lead the eighteen contestants by a wide margin. Nathan Colm of Polytechnic and Clyde Mitchell of Burlingame tied for second with 98 points each.

To earn her victory, Miss Gill finished first in four of the five divisions of the test and fifth in the other. Problems and questions pertaining to every phase of newspaper work were included in the examination.

Miss Gill, who was editor of the student newspaper at Castlemont in the fall of 1935 and has an exceptional background in reporting, will enter State next semester. She will continue her journalistic career with the hope of working on a metropolitan daily some day or obtaining a journalism instructor's job.

The scholarship consists of registration fees for one year, books, annual, and other incidental expenses. Bob Barry was chairman of the committee which gave the test.

The dance will be built around a Hawaiian theme. To carry out this feature the committee is arranging decorations and novelty favors. The bids will be of a unique design and the programs will carry out the South Seas theme in a novel way. The committee would not give further details on the bids, declaring that they would be one of the many surprise features of the "climax" dance, as it has already been termed.

In making this the "climax" event of the semester, the committee is working to include many more events and attractions than would ordinarily be comedian as a sevent of this nature. "We attractions than would ordinarily be found in an event of this nature. "We particularly want to stress the fact that in securing Carvel Craig we have secured an orchestra of real merit," declared Dorothy Jean White, committee chairman. Takes Advanced Post With University of California as Social Science Head

Dr. Lawrence Kinnaird, conspicuous figure on the State College faculty and sponsor of the publications department and the Associated Men, will leave at the end of the term to accept another position at Davis with the California Agricultural College. At that institution he will organize and direct the newly formed history department and will have increased opportunity for doing extended research work in the same field.

New Office Listed

New Office Listed

Dr. Kinnaird will continue to reside in Berkeley for part of the week at least. He will spend the remainder of his time at Davis. He will have an office in the Bancroft Library building, and stated that he would be happy to see all former pupils and friends at Room 432 in the same building. The office will be his headquarters also for research work he will carry on.

Dr. Kinnaird, according to his own

research work he will carry on.

Dr. Kinnaird, according to his own statement, will have unusual chances to expand his efforts in the history field in his new situation. Not only will his teaching schedule be lighter, but he will be able to organize the new department in line with his ideas. In explaining the situation at his new headquarters, he said that a 30 per cent increase in enrollment at the place had virtually forced the inclusion of the newly formed department. He said also that it marked a real beginning of the social sciences at Davis.

Good Wishes

"Doc" Kinnaird, as he is known by most of his students, came to State with the present graduating class and brought with him a splendid record. He goes with the good wishes and affection of the entire school. No successor has yet been named. He will teach at the University of California inter-session this summer and after finishing will go with Mrs. Kinnaird on an extended trip of old Mexico, where he expects to be able to dig up some very old archives in the city for purposes of research. The tour will include some of the bigger cities in that country. From thence he will return to take up his new position.

State Host to **Internationals**

San Francisco State will be host to the representatives from nearly all universities and colleges in California and Nevada, who will attend the Annual Regional Conference of International Nevada, who will attend the Annual Regional Conference of International Regional Conference of International Relations Clubs to be held next semester. This will be the first time that such a conference has ever been held at this campus. Last year's meet was held at the University of San Francisco, where prominent guest speakers from all parts of the world spoke. Plans for the event have already been formulated, according to Mrs. Bertha H. Monroe, social science professor and sponsor of the International Club here. Advance sheets concerning the conference are now being sent out to all concerned organizations by the secretary of the Carnegie Endowment for Peace.

Realizing that a great deal more work than usual has to be done next semester, Hermann Bottcher, presi-dent of the local club, will work with an enlarged administrative staff.

The A Capella Choir, directed by Roy E. Freeburg, will perform tomorrow evening in the Frederic Burk Auditorium in the fourth concert of the present Spring Music Festival. As usual invitations may be secured by the student body without charge. The performance will begin at 8:20. Heigh—he-ho to the greatest and most spectacular and most original campus event ever staged at State—quote Bud Decker of the high sophomore class speaking about the Trampodian Ball, which has the warm, moonlit night of May 16—quote the World Almanac—as the date.

Tuesday Paper Writes Finis to Term's Work

This being the last Tuesday issue of the term, it is quite appropriate to look back at the path we have trodden and see how much ground we have covered this semester.

State's athletic teams have all concluded successful seasons an dprogress has been a noticeable factor in all student activities.

This past semester we have seen the rise of rooty-toot-tootism, which was inaugurated with a storm of disapproval, but the effects of the movement the majority will agree have been noteworthy in its one purpose—to awaken the "lawn-type" athletes to release their energy on one or more of State's athletic teams.

Along with the progressive policy of State let's stop a moment and see what the Gater has accomplished.

For the first time in the history of the college a semi-weekly has been published. Of course, last semester's paper carried eight columns and carried more news in the one issue than does the present six-column sheet. But with the twiceweekly present size paper more news and timely write-ups than ever before have been presented to the student body. It is the aim of the newlyappointed editors to maintain this policy. So as the last Tuesday issue of the term goes to press the Gater staff wishes to announce that next semester will see the same progressive policy maintrained. And may we as outgoing editors express our thanks for the aroused interest shown in the paper, and for the cooperation from both the faculty and students in helping us get out the paper. State Marches On!

Let's Name It The Kinnaird Union!

San Francisco State College loses a valuable and much loved friend when Dr. Lawrence Kinnaird leaves the faculty of the college. Known to almost every student in the college, Dr. Kinnaird has been one of the foremost factors in assisting the development of State. His wise counsel has served many, his friendly word has cleared the path for many more.

His departure comes at a time when State is about to enter a period of greater development. The success of the Student Union is assured with the inclusion of a definite allotment in the new budget. The fact that the success of the Union is assured can be laid to the counsel of this man, who was more than a guide to the committee working on the project.

It is fitting, then, that State should honor such a man. His name and his deeds will live on. We of the college should provide some tangible means of showing our appreciaiton of his work as a State

What greater honor could we bestow upon Dr. Lawrence Kinnaird than to name the Student Union the Kinnaird Union? It may be a year or two before the actual work can be started on a Union building. But the Kinnaird Union can be started now!

To a true friend of San Francisco State College, and he will remain a friend, although he goes to another campus, we take this opportunity to express our gratitude and to suggest that the student body do likewise, through the KINNAIRD

Stealing of Books

Why should the faith that the librarians have built up in the students as a whole be jeopardized by the shortcomings of a few who have continued this unworthy practice. Our staff in the library has displayed this faith and trust by not checking up on the students when entering and leaving the library. Why can't this method or system continue to run in such a manner? Isn't it the most logical and practical way to maintain a library; or would you rather revert to the childish methods used in the grade schools.

MUSICAL NOTES

By MEYER CAHN

Much as we hate to allow ourselves to participate those periodic outbursts of idiotic journalism, we feel we must comment on the music note which appeared in the Razz issue

Representing only ONE student's opinion, and not that of music students (plural), we feel the article overlooked too much. We might say to the writer of this note what we once heard Bev Lyon express to an all-important individual: "Count yourself—and you'll find that you add up to only ONE."

Fortunately, perhaps, the victim was Dr. Knuth, who has reacted to the matter very nicely and who has shown that he can take it.

In handing out our compliments for the Spring Music Festival performances, don't overlook Irene Nicoll, who contributes greatly to the development of musicianship of students in our vocal organization. Her name is not on our programs, but much of the fine singing may be traced right down to her instruction.

The last concert of the Spring Music Festival will feature the College Symphony Orchestra in a diversified program of concert music. Led by Dr. Wm. E. Knuth, this group of 70 instrumentalists will appear in their first concert of the semester. The date is May 20, and

Mark Hopkins fans will hear Bob Beale and this orchestra for the next three nights. They will be followed into the Mark Hopkins by Henry King, who has more hand into the Mark Hopkins by Henry King, who has hear several seasons and who owns a sweet orchestra. It would have been physically impossible for some people to vote the other week. Helen Strand and Martha Kramer are two Staters who were too busy working for the interests of we students to vote. Please cross them off the list. Folks who heard Stokowski still talk about the performances. I can't talk being still amazed. Didn't we have a grand symphony season? San Francisco will be an even nicer place to live, if we can continue to have such a quantity of good music. Pierre will be with us again next season. Band news: Larry Selmer, formerly with the Bob Bolton orchestra, is now playing with Charles Horton's orchestra. In some playing with the Freddy Nagle orchestra, and lucky for Bill, too, for that band will play the Stanford Gaieties this month.

To Would-Be Critics:

Don't be down on things that you're not UP on!

In your list of frustrated hopes you may record my Musical Comedy Idea which was to be acted, directed and written by State students. I have spoken of it here before and even started . . . yes . . I even started to write one. But it was a lonely task.

Important

With this edition we end a year and a half of columning for this paper. It's been lots of fun and though there have been many times that we've erred, and others when we've bored, compliments and suggestions from readers have spurred us on and made us feel that we've been of some service, although so small. We'll be back again next semester to wind up our college career at State and to hang up a two-year record of columning.

Thanks for reading . . . Au revoir.

B-z-z Want An Alarm Clock?

It is a stock joke in practically every college that students go to class to catch up on their sleep. This college seems to be no exception to that rule. Walk into any class and you will see students draped over the comiortable chairs in our beautiful class rooms peacefully dreaming while the poor prof. tries manfully to keep the interest of any students who are awake on the reasons why it was possible for the powers of Europe to partition Poland, or why it is necessary for a developing germ cell to go through a reduction division.

Well, what do the profs think of you

Well, what do the profs think of you when you go to sleep? Does it annoy them? Do they consider your method, of showing your disapproval? Here is what some of them say.

Miss McFadden: "I don't often have anyone go to sleep in my classes. It doesn't annoy me if I know that the person has a good reason. If the person has poor grades I know he isn't interested and I just adapt myself to the situation. I have found that you have to take these things for what they're worth. If you let them bother you you'd soon become a crabbed old maid."

How's Them Thar Whiskers AComin'?

By BUD DECKER

Well men, those who have started their beards a growin' should have a bumper crop of bristles by next Friday. (Those thar so-called "rerty-terts" who can't keep away from women or are too immature to raise anything lay off whiskers can consider themselves as outcasts and should take P. Just keep up the good work men, and don't forget that Friday is the adgment day. The only real reason a and don't lorget that Triday in a judgment day. The only real reason a man has to talk to a woman is to ask her to go to the Trampodian Ball with him or if she can cook biscuits, so let's leave the critters alone, men, until Saturday nite at the Ball.

Saturday nite at the Ball.

Friday at noon on the women's gym balcony all men having a beard will be judged as to the darkest, blondest, and curliest beards, and prizes will be given at the Trampodian Ball at 10:00 p. m. to the winners. Decisions will be made by the applause garnered from the audience and the final result will be determined by the committee composed of George Mirande, Dick Hurst, Mickey Schwass, Harry McDevitt, Mike Driscoll, and Daryl Hopkins. With the Gater-Cal Aggie base-ball game last Saturday, the athletic picture at State came to a glorious conclusion. Two teams—baseball and basketball — experienced their most successful years, while the other two—tennis and track—were extremely good.

Thursday, Friday Set For Date of W. A. A. **Election** at Meeting

Virginia Kyriazi, Dorothy Anderson Prexy Candidates

By LOUISE VALLARINO

By LOUISE VALLARINO

Presided over by Marguerite Winter, president of the W. A. A., a mass meeting was held last Thursday so that W. A. A. officers for next semester could be nominated. The ballot will run as follows: President, Virginia Kyriazi and Dorothy Anderson; vice-president, Blanche Tuggy and Jean Gilleran; secretary. Rowena Minor, Helen Frank, Virginia Kleinert and Eldris Burrowes; treasurer, Babette Lau, Edith White, Helen Bartman and Mary Snell.

Election Is Thursday

The election of officers will take I place next Thursday and Friday in the Student Body office.

Reports of the Minneapolis convention were given by Miss Winter and Miss Tuggy. Such questions as "What does the W. A. A. do for a college?", "What requirements should be had to enter the W. A. A.?"

Round table discussions were carried on concerning these questions. When Miss Winter described what

Heavy Line Is Prospect Next Fall

Probable Starting Lineup Is Given by Reporter

By ED SMITH

By ED SMITH

This coming fall the Gater gridders will embark on what appears to be the hardest schedule lined up so far. Coaches Dan Farmer and Hal Harden are particularly delighted with the tentative varsity, the line averaging 195 pounds and the backfield on the average of 170 pounds to the man.

Hopkins at Half

The backfield will be composed of Darryl Hopkins, right half; Red Thompson, left half; Charley Iago, quarter, and Bill Harkness, fullback. This will be a fast and shifty combination and would be a delight to any coach. The line will be the biggest that has come to State, and will be composed of Johnny Strubens, right end; Bill Plutte, right tackle; Bud Werner, right guard; Bud Glasgow, center; Charlie Cannon, left guard; Hal Beseman, left tackle, and the left end is open to all candidates for this position.

No Game With Aggies

No Game With Aggies

The Gaters will not clash with Aggies as was announced in the Friday paper. The season opens with a game against the Mare Island Marines on September 19.

In view of Farmer's and Harden's plans, "Hoppy" Hopkins and Bill Harkness will carry the brunt of the Gater offense, while "Red" Thompson and Charlie lago, lately converted from a guard to a blocking quarter, will do duty in clearing out the opponents, "Hoppy" will strut his stuff as a triple threat man, and will be THE man in the backfield over his experienced rivals, There will be no holding back on the offense for the Gaters, for Farmer and Harden have cooked up some tricky pass plays and several hot reverse.

Eleven Basketball Blocks

Eleven men will get their "S" at the awards rally because of their achievements on the basketball court during the past season; these include Harry Post, Cyril Atkinson, George Mirande and Clem Zannini, who also receive sweaters; Stone, Williams, Sam Philips, Bill Plutte, Merv Chioino, Dick Hurst, and Manager Ed Smith.

Circles will be given the following lightweight cagers: Al Thompson, Faul Whang, Barney De Bisschop, Gordon Bolander (block), Frank Regan, George Bog dan of f, Harold Chandler, Hal Delma, Kenny Kim, and Bill Kelly, manager.

Many Track Awards

Besides Stone, the following men will receive their blocks for participation in track during 1933; Owen Jones, Darryl Hopkins, Bob Cota, Stan Kuder, Lucian Morrison, Harold Davis, Steve Ebert, Bob Robinson, Bufford Shreve, John Murphy, Ronnie Lindlow, Bill Harkness, Easton Willey, Ralph Leavitt, and Manager John Pinkerton.

Six have earned circles for junior varsity track; they include Robert Prather, Dick Hurst, Joe Braverman, Gordon Bolander, Glenn Thompson, and Hal Thompson.

baseball—a four sport man, a record that will stand for quite a while.

Ralph Nathan will be missed in the backfield of the football team, having held down a first string position there for three years. Coach Dan Farmer and Hal Harden will have a hard time filling this vacancy. Ralph also wielded a raquet for the Gaters in the year '35, and would have been on the tennis team this year but for his teaching.

State will have a hard time in finding a tribute to give to these two fellows—they are worthy of teaching in any school, for they are clean-cut, honest and sincere.

Seniors Playing Their Final Contest at College; Harden Gives Everyone Chance in Last Contest of Year

> By DAVE SCHUTZ Tuesday Sport Editor

Determined that their last baseball game at State would not result in defeat, Seniors, co-captains, and all-around outfielders Bob Marcus and Clint Purcell of the Gater nine took matters into their own hands and as a consequence State defeated the Cal Aggies 14-2 in the last athletic encounter of the season for this college.

Baseball Season Comes to Finish With Aggie Men

Marcus Leads Team in Hitting, Fielding

By their victory over Cal Aggies last Saturday the Gater baseball team ended its season with seventeen wins as compared to only five defeats. as compared to only five defeats.

Bob Marcus, playing his last year, led the State sluggers with a percentage of .400, while Freshman Floyd Walter. Hal Wood and Kenny Wilkes finished in that order behind him. Wood showed his excess power by taking the honge run and doubles honors, while George Bogdanoff captured the three-bagger title.

Although the infield was one of the strong points of the team, they did make many errors. As a matter of fact, only half of their opponents' runs during the year were earned. Of the two, Marcus was the more successful, banging out three singles, while Purcell confined his hitting to one smash, which, however, came at a crucial moment and resulted in a trio of runs.

George "Lefty" Powles, who wasn't feeling well, who also may not be back next year, saw to it that his year would not end unsuccessfully. All Powles did was to pitch the entire game in a blazing heat, hit a home run, and then added two singles for good measure. good measure.

Tally in First

After Wilkes had grounded out in the first, Joe Lee cracked out a single to center, Floyd Walter executed a perfect hit and run and secured a one-baser to right, the right fielder muffed the ball and Lee came all the way home and Walter went to second, but he was unable to score as no more hits were forthcoming in this stanza.

The Aggies fought back on even terms for the only time in the game when they tallied one in their half of the first. Walter erred on a grounder and then two consecutive hits brought the run across the plate.

The Storm Breaks

There was no scoring in the second frame, but State found its batting eye in the third. Powles was safe on an error, Kenny Wilkes singled, and Walter walked to bring one of the Seniors, Bob Marcus, to the plate. Smash—bat met ball and State had three runs.

The parade of the sacks continued in the fourth stanza as George Bogdanoff walked, stole second, went to third as Bill Eich was safe on a fielder's choice, and completed the circuit as Powles homed down the left field line. Wilkes then bashed out another hit, sending Pitcher Al White to the showers, and then proceeded to score as the third baseman messed up Lee's grounder and threw wild to first.

The heat started getting the fellows about this time and they tired running the sacks, but the Aggie pitcher just insisted that our seniors get their hits, so—three more markers were countered by the Gaters in the sixth. Walter aced his second hit of the game to open the inning, Senior Bob Marcus continued by bingling to center, and Hal Wood belted a terrific double to score Walter. Team Cools Off

Team Cools Off
About this time the weather started cooling off and there was no time for baseball; everyone was busy refreshing himself with the cool breezes (it was only 90 in the shade now). As a result of their lapse there was no scoring by the Purple and Gold henchmen in the seventh or eighth, but as a gesture of good-will they gave the Davis lads a run in the eighth as Hal Wood dropped a tricky fly to Hal Wood dropped a tricky fly to

Realizing that it was their last chance to mess around this year, the Hardenmen opened up in the ninth. Frank Regan, who squeezed into the game during the cool spell, was safe on an error, after two men were out. Marcus, with Alma Mater ringing in his ears and Bev in the stands, smashed a single to center and tallied "Pinky." Wood had no intentions of messing, so he singled to center to score "Speed" Marcus, who had actually stolen second to make his college career a success. But then the crying towels were passed around as Wood tried to go to second, and by some mistake on the Aggies' part was strown out to end the Staters' scramble. AROUND the CAMPUS

Those who were so easily recognized as leaning on a shovel and looked as though they just flunked an examination were, at one time this semester, called the "gold bricks" of the N.Y.A. workers of this college; however, after a stirring speech by Dean Cox calling for Saturday volunteers for the further construction of our field, many are led to the belief that the "gold bricks" are finally getting off the dime in order to show a respectable amount of work accomplished. To indications, the Saturday volunteers, who are not remunerated for their services, have a genuine interest in college affairs, as many will readily admit that they have accomplished more in just a few Saturdays than the regular paid N.Y.A. workers since the project was first started.

A new campus club here at State is making a strong bid to obtain a charter from the Executive Council. This proposed club is better known as the American Student Union which has chapters in all major colleges and universities in the country. The program of this proposed organization campaigns for the rapid extension of the educational facilities. It also advocates an adequate system of democratically administered student relief, and to further economic aid to the establishment of co-operative houses, eating places, and book stores. According to its members, these economic objectives—student relief, employment, security—are all elementary, reasonable human rights which should be enjoyed in our institutions of higher learning.

Thank heaven that most all announcements by way of the public address system are over for the semester, because it interrupts those individuals in the library who are in deep concentration. Upon an investigatin it was found that the loud speaker was located very close to the windows of the library, and so during the announcements it would disturb those who are inclined to do a little studying, and it has the added disadvantage of rudely awakening those few stuof rudely awakening those few stu-dents who we still tolerate to sleep in

Those enterprising individuals who continually foster one of the greatest projects that this college ever faced, the Student Union House, are still undaunted by certain obstacles that have been deliberately placed in their path. Today we find the committee already planning for a compulsory fee to be payable by all students at the beginning of next semester, and they hope ning of next semester, and they hope that a sufficient amount will be avail able in a semester or two so that the able in a semester or two so that the Union House will do justice to our in-

Art Department Attention!

Attention!

S. F. State's dance society, the Kappa Delta Tau, is giving a dance on May 18 at 7 p. m. in the women's gym. Because this promises to be a rather unusual affair, the fraternity has invited members of the art department to come and sketch as they dance. Members of the art department are asked to bring their drawing pads and pencils as well as charcoal or chalk. or chalk.

Everyone interested in attending the affair will be guaranteed a good time, as will those who are interested in quick action figure sketching.

Sce "Sup Up"

"Sun Up" was the name of the play in which members of College Theater presented to those present at the Community Playhouse last Friday night at 8 p. m.

This play was just one of the successful performances given by the College Theater this semester, and so as a result a number of the members of drama classes were present to see the mor "finished products" of Miss Casebolt's advanced drama class strut their stuff.

Lively Meeting

Led by Herman Bottcher, the members of the American Student Union last Wednesday nominated and elected the following officers for the coming semester: Richard Nelson, president; Mary Snell, vice-president; Beatrice Gordino, secretary; James Cleghorn, treasurer, and Herman Bottcher as the publicity chairman.

Climaxing a very successful and active semester, the members are planning to submit their new constitution to the Executive Board for approval. Meetings, for those interested, are held every Wednesday in Room 118 at noon time. All those who are interested in helping promote and develop this organization are mort cordially invited to join.

Dramatic Contest

Presenting the French play, L'Abbe
Constantin, the French 100 group won
the inter-French class dramatic contest, held last Thursday in Annex B2,
according to Madame Marie Dony, assistant professor of French. The cast
was composed of Valerie Canellos,
Dick Marsh and Harold Widby.
Other students who participated in
the group contest were as follows;
French 106, Mme. Barlow and Marie
Quartararo; French II, Dorothy Fox,
Leon Benjamin, Fred McGovern and
Edgar Colton, and French I, Glenn
Thomson and Verdun Romer.
Miss Quartararo, nosing Miss Canellos by only one vote, was judged
the best individual performer.
An audience of about 40 acted as
the board of judges. The decisions
were based on subject matter and nature of the plays, ability of the contestants to put over individual lines
clearly and effectively, and pronunciation.
